Achieve Better Patient Outcomes With Easy-to-Understand Education Resources

**CareNotes Can Help You:**
- Engage patients and increase understanding and compliance through actionable information
- Save time, improve workflow, and lower costs with access to an integrated, single source of materials
- Eliminate gaps with relevant, consistent, evidence-based, easy-to-understand information
- Support Meaningful Use requirements, improve satisfaction scores, and meet regulatory and compliance guidelines, including Core Measures
- Enable clinicians to customize patient education to support organization policies and procedures

**The Industry Standard for Comprehensive Patient Education**

Micromedex® Patient Education, featuring CareNotes®, delivers a single source of evidence-based patient education materials across the continuum of care — including precare, inpatient, discharge, emergency department, ambulatory, and wellness education.

With practical, objective information for every stage of care:
- Patients are more comfortable with their treatment and become engaged participants in the process, improving their overall experience and health
- Patients receive quality, consistent education across all care settings, when and how they need it
- Nurses, pharmacists, and physicians can quickly access patient education information directly within their workflow, making more effective use of their time

The result is better outcomes and more cost-effective care.
